Respected Official,

For the past year we have been working on a research project that integrates various public housing and community data with GIS mapping.

Under the California Public Records Act (Govt. Code 6250-6270.5) we would like to respectfully request the following records:

1. A summary report of all open/active code enforcement cases related to housing, blight, vacant, and substandard cases in the community. We would like to request the case open date, case number, location (address or parcel number), description and current status of the cases.

We recognize that there is a wide range of staffing levels, record keeping systems, and available resources to respond to this request. Please do not hesitate to contact us if you need anything from us to help fulfill this request.

--Should you have questions or request clarification on any of the requested materials, please do not hesitate to contact me at 252-917-0257.

We request these materials electronically. Please send the information to data.ce@properant.com. Should your organization not have the capability to complete our request electronically, please send it via USPS to:
